(I am like a _____ because I _____.)

Do you think we work well as a family? Do we look at the needs of others in our family before our own?

Watch this video that will look at how important it is to partner together as a family.

Watch: Week 3 Video

This week's video is on the Playlist of the CBC YouTube channel or go to cbcfamily.net and click on 4G Guides for the video link.

Talk it Out:

Which video clip made you laugh the most?

Which video clip do you think is most like the way our family works together?

Why is it hard to see things from someone else's point of view? Why do we tend to make judgements about each other instead of taking the time to understand each other?

What would it take for us to partner with each other and not always get our side heard on an issue?

Why is it more important for us to work together as a family than to work against each other?

When we partner together as a family, we get to show others that in our family each one of us thinks that the others are important. Let's end with a simple prayer together.

Prayer:

God, you gave us ears as well as a mouth. Help us to listen. You gave us eyes as well as a brain. Help us to see and to think. Help us learn not to shut others out because we disagree with them.

Amen
